Dear Ms. Strauss:

In response to the U.S. Environmental Protection Agency (U.S. EPA) initiative to speed action on revisions to the California State Implementation Plan (SIP), staff from U.S. EPA, the Air Resources Board (ARB), and the South Coast Air Quality Management District (District) have been working to prioritize items for U.S. EPA action and identify submittals no longer appropriate for inclusion in the SIP.

The District has determined that a number of their local rules no longer need to be included in the SIP. On May 31, 2016, the District requested withdrawal of these rules from the California SIP and on August 5, 2016, the District sent a revised request (copies enclosed). As the agency designated under California law to make revisions to the California SIP, ARB now formally withdraws the District rules listed in Table 1 (enclosed) from the SIP.

If you have any questions, please have your staff contact Ms. Karen Magliano, Chief, Air Quality Planning and Science Division at (916) 322-5350, or via email at Karen.Magliano@arb.ca.gov.

Sincerely,

Richard W. Corey
Executive Officer
